## **SUSTAINABLE WORLD LEADERSHIP PROGRAM**

### **STEP 13 TO 37 OUT OF 50**

## **Welcome Pack 5** – edited by Founder Richard Alexander

Thank you for being a blessing to our world. Many people like the idea of changing our world. Very few have the courage and commitment to follow up with unstoppable action for the rest of their lives. We are looking for those few. From the year 2018 to 2038 we are facilitating the Sustainable World Leadership Program to select 50 Core Team Members, a 1000 Country Leaders and a 9000 Project Leaders. This entire team of what we call Sustainable World Leaders will assist in removing war, poverty, inequality and environmental destruction from our planet by the year 2050.

If you believe this is not possible then you are not informed on what has been happening in the world in 2020, 2021 and 2022. There is a lot of good news to share which is not available yet mainstream. We can tell you what is truly going on and it is so positive that the mind often needs a bit of time to fully embrace the scope of it. In the Sustainable World Leadership Program (SWLP) we will get into great detail of what is currently happening in the world. In the SWLP we will slowly bring you financial freedom so you can bring your unique gift to our world.

Let me tell you more about the project and what it means to be a Sustainable World Leader. (Core Team Member, Country Leader or Project Leader) A Sustainable World Leader is someone with a large heart, a big commitment and is unstoppable in the pursuit of what most people think as impossible. Personally I am completing my 24<sup>th</sup> year of pursuit of creating a sustainable world; a world that works for ALL people. It took me 15 years to understand that to change the world outside we have to change the inner world first. What I mean by that is we have to change people's mindset or consciousness. The outer world is merely a reflection of our collective mindset.

It also took me 15 years before I believed that it was possible to create a world that works for ALL people. Years of research and years of experience have now transformed how I relate to myself and our world. I am clear that not only can we contribute to creating that world, I know we ARE already in that transition with our entire planet. The hard part is not changing our world, but changing our mind. Getting the required contact hours with a critical mass of people is the only thing needed to accomplish our mission.

In the Sustainable World Leadership Program you can discover how your unique gift can contribute to millions of people. It is an opportunity for you to team up and make a VERY significant contribution to your fellow human beings. Together we can reduce and remove suffering for billions of people. Together we can witness the end of the mental violence which is at the source of the poverty, war, inequality and environmental destruction we see in our world.

What we aim to do has not yet been done by any other movement or organization. Ancient wisdom and the latest consciousness science both show that a relatively small critical mass of 750 people can actually change the collective mindset in our world. We aim to have united 750 leaders by July 2034. September 2038 we will have reached 9000 leaders. (square root of 1% of the world population) It is at that time we will have the next level of power. When these 9000 leaders interact with 80 million Sustainable World Community Members, (1% of the world population) then again we will have a next level of power.

The critical mass of 750 leaders will be united by 50 Core Team Members. Our training, or better said the journey of awakening and uniting, will be one of you learning to transcend or undo the Egoic programming. This will give you access on how to build life long friendships with an intimacy and power that you have not experienced before. I am talking

about being moved to tears experiencing glimpses of who you truly are. I am talking about you experiencing the miracle of life. When was the last time you experienced this? Remember how powerful it was? Most likely the experience did not last as transcending the Ego is not a cakewalk! ;) I am talking about your fellow Core Team Members being ready to give their life to you AND the other way around! Have you ever experienced that? Our training is about ongoingly overcoming the judgment, projection, denial, resistance, attachment, fear and guilt that gets created in the mind and pulls us into the egoic realm.

What do you see when you look at powerful leaders? There is one thing they have in common. They do not react to life identified with their programmed conditioning. (their identity) They are so present in the moment of now as an observer that they can transcend their programming and act and speak from wisdom, commitment and purpose, while having a deep understanding of laws that govern our universe. They have become self-aware and have transcended fixed and rigid ways of being, communication and action.

In your training you will learn 20 Universal Laws which govern life. In your training you will get a deep understanding of how the Egoic mind works. In your training you WILL overcome the powerless conditioning of the egoic consciousness. This will take much more than just 6 weeks or even 6 months of training. This requires multiple years and an ongoing commitment! Your identity will not like it and I am asking you now whether you are ready to face the deep rooted subconscious negative programming from your conditioned mind. LOL ;) Are you committed for the long run? If so, read along.

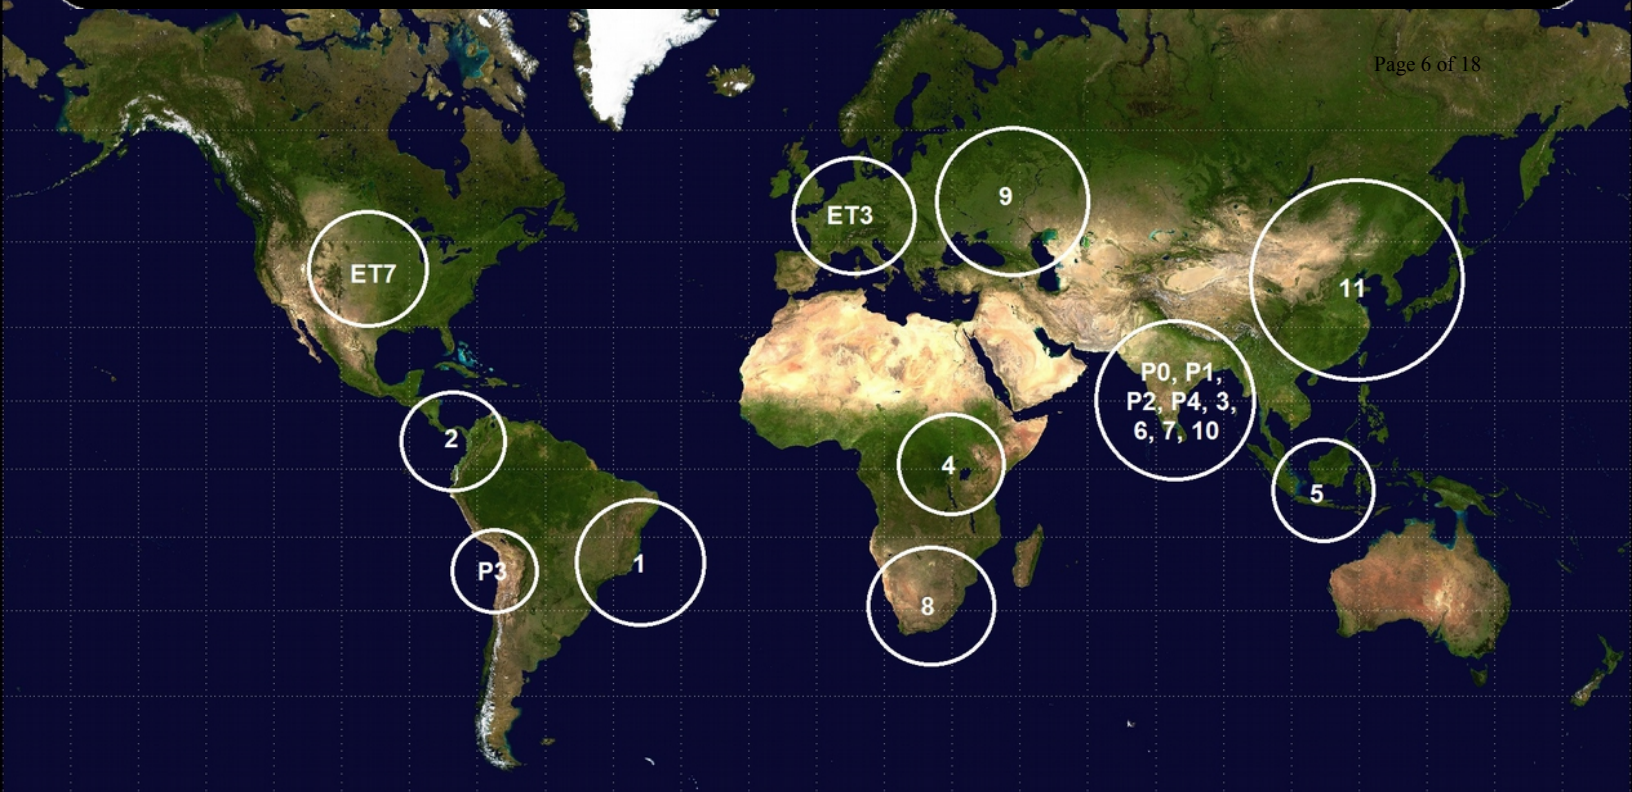

In the last 23 years we have designed and tested 9 programs for radical transformation. Understand that the work of a leader is not about working hard, sacrificing or doing your best. Understand that our work is not about learning some dialogue, meditation, exercise, dance or song. Our work is about removing that, which is in the way for you to experience profound love, peace of mind and sheer joy. For this you have to transcend your egoic conditioning. To transcend Ego we use these 9 programs. Our work is about learning what it takes to get yourself and others in a state of unity consciousness or a state of oneness.

Our state of mind can be measured through the frequency of our brainwaves. Our default state of mind is called Beta. In this state our minds are restless, fearful, stressful and judgmental. Through our 9 programs we will shift your mindset to Alpha and beyond. In this higher state of consciousness you will get access to power as your consciousness expands and you literally start to connect to all that is. A critical mass of people in this state can change the thoughts and feelings of each and every human being on our planet!

Imagine how the world will change if everyone starts to feel that connection to one self, one another, our environment, our planet and beyond. Imagine how going to war or any other form of violence will disappear when people EXPERIENCE inner peace. Imagine the laughter and healing that will arise when billions of people experience profound joy. How will these experiences change their choices in life? What will they say and do when love is present as an experience? Worldwide new collaborations will arise. It will arise in the space we will create; in the space that YOU will create! Thousands of new projects will be launched. This will result in a world that works for all by the year 2050. Why? Because you were there! Because you had the vision AND the courage to act on it!

In the first months and years of uniting our team you will experience this higher consciousness for yourself. You will have unprecedented experiences of love, joy and peace of mind. Next step is to train yourself in how to use your unique gift in a team that will guide small and medium offline and/or online groups to experience these states of higher consciousness. Last step is to train yourself in how to use your unique gift in a team that will guide millions of people in large partly online / partly offline Worldwide Interactive Events.

This is the preliminary time line of our work:

The 50 Core Team Members will become your first extended family. Some of the Core Team Members will be prepared to facilitate unique higher consciousness training for new Sustainable World Leaders up to the year 2050. This is where they will empower New Country Leaders and Project Leaders in your country and continent.

Between now and March 2024 we expect our funding to be fully in place. When that happens we have a process for you to be financially free, for probably the rest of your life.

### **OUR 3 FUNDING APPROACHES**

1. Self Funding through Dave Schmidt of the Cosmic Connections. Dave is a former US Senator who is a key person connected to people involved with the revamping of the global financial system. Dave is an excellent match for our work as he has a good understanding how the egoic consciousness is the root cause of the problems in our world and that the only way out is to raise the consciousness. September 2022 and March 2023 we have invited Dave to fly over and facilitate his workshop. This workshop explains a unique investment opportunity. May 2023 we created a team of 40 people from 13 countries that will receive funds for 5 years. Time line for receiving this funding is 2024.

2. Funding through AEG or like minded companies which produce large scale live events. 2016, 2019 and 2023 I have interacted with Julie McDonald, the Agent of Kenny Ortega, who was the producer of the concerts of Micheal Jackson. They work with AEG. Julie has seen some of our material and was inspired. Next step is to raise \$27.500 and get a proposal to Kenny Ortega. This can inspire the decision makers at AEG and similar companies to fund the initial start as our work will lead to large scale live worldwide interactive events, which will be a business opportunity for them. Time line for making and delivering this proposal is 2024.

3. Through the release of funds for humanitarian projects. From 2016 to 2020 the battle to end corruption at the highest levels of our leadership has made significant progress. In that same time frame many systems in the world have been re-designed. The new Quantum Financial System is one of them. Think loan jubilee's and getting access to money for projects that will usher humanity in such a beautiful world that it will be hard to imagine now at these current dynamic times of transition. In 2022 and 2023 we expect funds to become available. Jan 2022, we applied for funding via Connecting Consciousness. Time line for receiving funds is 2024.

When you join the Sustainable World Leadership Program you will get a deeper intellectual and experiential understanding of what we do. Here we will also co-create workability for all of us in regards to financials, dates and duration so nobody is stopped by money or time.

We will all work together as a community to make sure that each and every committed leader can come over for training. Never be stopped by money (or time) as you will have yielded to the ultimate tool of enslavement by the rich elite; the fearful scarcity mindset. You are bigger than money. You are bigger than time. In our training we will share with you our lessons in the area of money, time, fear and consciousness. This will give you access to how to create miracles and give you a way out of the survival (fearful) mindset. It all starts by uniting. For this we have our online Empowerment Platform and the Empowerment Camps.

For most people the subconscious belief system of scarcity of money of the collective mind is so powerful that they are already stopped before they unite with others. It is this separation consciousness we will have to transcend as Sustainable World Leaders.

The Sustainable World Project has been prepared for 15 years since the year 2000. From 2015 to 2025 we are in the 10 year soft launch. In 2025 we will start implementing our work in 212 countries worldwide.

Let me repeat one more time, what we do has never been done before. As well Ancient Wisdom as the latest consciousness science validates that we have to change the inner world first, then the outer world will reflect our new inner world. In other words we have to shift our collective mindset or raise the collective consciousness. The Egoic consciousness or old selfish mindset is the root cause of the suffering in our world. If we change our mind, we change our world!

A team of 50 Core Team Members, a 1000 Country Leaders and 9000 Project Leaders will play a key role in facilitating the Sustainable World Project. If you are **SERIOUSLY** committed in using your life to bring peace and abundance to our world, then take step 13.

### **Step 13 – Application for continuing your journey to being a Sustainable World Leader**

We have now come to the point where I want to ask you to take a moment. Reflect whether your heart resonates with the game we are playing and how we are playing it. Our game is to transform our world by the year 2050. The how is by raising the state of consciousness of all people; to have people being present to love, joy and inner peace every day. This starts with building the leadership team. If you think you are ready and **committed** to move to the next level then be aware of the following.

You gain strength, courage, and confidence by every experience in which you really stop to look fear in the face. You must do the thing which you think you cannot do.

- Eleanor Roosevelt

## THE GAME WE PLAY

In our SWL Selection group on WhatsApp we will co-create with you how you can contribute your unique gift to transform the world. We are looking for a long term relationship with you till the year 2050. If you are not able to be online easily, then it is of no use to join our game. You need good access to Zoom, Facebook, Youtube and WhatsApp. We are looking for a minimum commitment of 4 hours weekly.

If your English is basic then first take 3-6 months to upgrade your English writing skills. We are looking for mature team members who are ready to get into action NOW to make this world a better place.

If you are inspired by what we do and you want to dedicate your life to create a world that works for ALL people, then **prepare a document with the answers to the questions in steps 14 to 37.**

We recommend to take no more than 2-3 days to accomplish this task. We are looking for leaders who understand that procrastination is a reflection of not valuing yourself. Make time and get the job done.

Answer the following questions in the next steps (14 - 37) in one document (no page limit) and refer to STEP 37 for further instructions. We have told you before to save all your comments in a text file. Now we will use this to make your final application file. Take time to do this properly! Make sure your first impression is a good one! I recommend to answer the questions by giving real life examples that address the question. Pls also include the questions in the document. Pls read well and follow instructions. It is the first thing we notice!

If you have an important question you can ask in our SWL Selection group. One of our leaders will respond.

**STEP 14**

What resonated with you when you went through the Welcome Packs? What is your unique gift (passion, strength, contribution) and how do you specifically see yourself contribute?

**STEP 15**

Ask someone who knows you well to speak on the following questions: Is [your name] a loving person? In what ways is [your name] kind, compassionate and non-judgmental? Then copy in their answer and tell us the name and who this person is to you. [Neighbor, friend, family, etc.] Request them to give few specific examples. Saying: "Yes he is loving, kind, compassionate and non-judgmental." will not suffice.

**STEP 16**

When have you stood up for something or someone? Pls give one specific and concise example.

**STEP 17**

Ask someone who knows you well to speak and give specific examples on – Is [your name] open minded? Next, you can tell us why are you eager to learn and practice new skills? Then copy in their answer and tell us the name and who this person is to you. [Neighbor, friend, family, etc.]

**STEP 18**

What meaningful contributions (including those that do not require money like giving your time, giving a kind word, a silent blessing, etc.) have you made to your community?

What will you do if today you get 7.5 million Dollar?

**STEP 19**

As you have an interest in contributing to other people how do you balance the physical, mental, emotional and spiritual well being of others and yourself?

**STEP 20**

How much of yourself are you willing to give to change the world right now? Are you ready to give four hours weekly, one hour daily, one day a week, two days a week, or more? And for how long are you interested to contribute? For a month, a year or for the long term?

**STEP 21**

Do you have a supportive family? Are they ready to let you spend time on making a difference in our world? How much time? Do they honor and respect your free will or are you strong enough to stand up for yourself?

**STEP 22**

Feedback is very important for us human beings to grow and learn. How comfortable are you with giving and receiving feedback? Can you give an example of an event in your life that shows us you are open to receiving feedback?

**STEP 23**

Are you truly committed? What makes you unstoppable? What excuses do you make when we invite you to join our programs or a next Empowerment Camp? What stops you in living a life you love? I have no money. I have no time. I have to ask my parents. I have to work. I have to study. I have to ask my partner. I have to take care of my children. I have to scratch my left ear. Have some good solutions in place and tell us your plan!

**STEP 24**

What specific goals would you like to achieve by the year 2030, 2040 and 2050?

**STEP 25**

Are you in business, (self)employed, studying or something else? For now we ask for 4 hours weekly. Over time we are looking for 2 hours daily. By when would you be ready to contribute at least 2 hours daily on average? Is that only a matter of having sufficient income or are there other aspects to making these 2 hours daily? We ask this to get an idea of how unreasonable you are willing to be to bring abundance to the people around you.

**STEP 26**

Official full name and short name you would like us to use to address you

**STEP 27**

What are your hobbies?

**STEP 28**

Passport photo

**STEP 29**

Full physical address

**STEP 30**

WhatsApp number, Home phone number, cellphone number if different from WhatsApp

**STEP 31**

Email address

**STEP 32**

Date of Birth

**STEP 33**

Passport Scan (if you have)

**STEP 34**

Monthly income or family income (if you are comfortable sharing)

**STEP 35**

What is your family situation. Do tell us the names of your brothers, sisters, parents, children. (if you are comfortable sharing)

**STEP 36**

If you are interested in a full time position, then by when would you be able to free yourself?

**STEP 37**

How to apply? We will explain in a moment how to send in your answers. When we are inspired by your answers, then we will allow you access to our Action Pack and we will open a 'tab' (a page on our spreadsheet with leaders) for you. On this tab, other leaders are able to give you a monthly incentive if they are inspired by you as a leader. Initially this could be up to a maximum of \$100 monthly. As explained before in Welcome Pack 2, this means that every month different people could give you any amount up to a \$100, but it is NOT guaranteed. When someone puts an amount it is just an incentive to encourage you to continue your journey to becoming a Sustainable World Leader. It is no guarantee that next months you will receive the same incentive! When the funding falls into place, then the leader will have access to funds to settle the tab. You will then receive the balance. Henceforth as long as funding is in place the incentive, if given, will be paid monthly on your bank account.

In the next phase of becoming a Sustainable World Leader you will go through steps 38 to 49 of the Action Pack. We will observe you for those months. We expect you to be open to the feedback of your fellow team members and the Founder. This is how we learn. In this next phase of the selection process we are looking for mature leaders. Leaders who not just talk, but walk their talk!

What we expect is not very complicated. In fact we will tell you specifically. If you are willing to be in action and learn, you will do fine. When you complete the Action Pack you can request for the role of Sustainable World Leader. (Country Leader or Project Leader or Core Team Member) To claim the role you will need to join at least 1 Empowerment Camp. Once you complete the Action Pack and the Core Team gives you the go ahead for being in the CO-CREATION EMPOWERMENT CAMPS WhatsApp group your tab could start receiving higher incentives up to a maximum of \$1000 monthly. If funding is in place it will be paid out.

In our groups you will find team members who are at the beginning of developing their skills and you will find more mature team members. We expect that you empower the team members who might not yet have the skills you have and that you learn from the team members who have more advanced skills. We are strong on being non-judgmental and communicating in empowering ways. Understand that as we are building a worldwide community of leaders and members from different countries, there will be many cultural differences. We expect you to be considerate in your communication. Remember that true power comes with love. Love means acceptance without conditions.

**IMPORTANT – READ THIS WELL!!!**

If you have not yet done all the assignments of the 5 Welcome Packs then do so now before you send of the answers to the above questions. Steps 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 & 12 require you to comment in our Facebook Group.

Revisit Welcome Pack 1 to 4 and make sure you have honored all the requests in these steps. What you have commented in our Facebook group will be followed by the answers of step 14 to 37. Add the step as a heading, then add the request of that step and then add what you shared in our Facebook group. This way we get one file with all your answers of step 14 to 37 and what you shared on Facebook for steps 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 & 12. An example follows next.

**[EXAMPLE OF THE FILE YOU SEND US – You can send a PDF, a Plain Text File, Plain Text, a Word Document or an OpenOffice Document]**

**STEP 1 - LISTEN TO THE WELCOME MESSAGE**

'WHAT YOU COMMENTED ON FACEBOOK'

**STEP 2 - WATCHED RICHARD'S SHORT LIFE STORY + VISION**

'WHAT YOU COMMENTED ON FACEBOOK'

**STEP 2 - WATCHED VIDEO WITH FIRST 5 CORE TEAM MEMBERS**

'WHAT YOU COMMENTED ON FACEBOOK'

**Same for steps 3, 4, 5, 6, 7, 8, 9, 10 & 12**

**STEP 14**

What resonated with you when you went through the Welcome Packs? What is your unique gift (passion, strength, contribution) and how do you specifically see yourself contribute?

'YOUR ANSWER'

**STEP 15**

Ask someone who knows you well to speak on the following questions: Is [your name] a loving person? In what ways . . .

'THEIR ANSWER'

**Same for step 16 to 36**

**[End example of file]**

You can now upload your file in our SWL Selection group on WhatsApp as per the instructions below. This will be sufficient for us to get an idea of who you are. We are looking for leaders who are having the ability to read well and respond to requests made. If you upload your file without the required below communications your application will not be accepted. Pls value as well your time as our time.

### **STEP 37 - CONTINUED**

Make a comment on our Facebook post where you share your experience of going through the 37 steps. You can write: "COMPLETING THE 5 WELCOME PACKS - My experience of going through the 37 steps of the pre-selection process of becoming a Sustainable World Leader was . . . [share your experience]"

Then also copy this comment into the SWL Selection group on WhatsApp. Here is the link to the Facebook post to make the comment -

<https://www.facebook.com/groups/725583880829287/posts/6143234425730845/>

To complete step 37 now upload your file in the SWL Selection group. Then make the following message for this group:

*"I have completed till step 37. I have uploaded my application as instructed. I request 5 members of the SWL Selection group and the entire Core Team to read my file.*

*If I have your consent to move forward with the Selection Process of becoming a Sustainable World Leader then give a 'Thumbs Up on this message and reply to this message in this format:*

*"COMPLETION OF THE 5 WELCOME PACKS BY [name] I have read your file.  
This is my perception of you as an upcoming leader. [give your perception of the person]  
This is the feedback I have for you to work on in the months to come.  
I do give my consent for you to receive the Action Pack and get a 'tab' for receiving monthly incentives. I have given a 'Thumbs Up' on your message"*

*If I do not yet have your consent to move forward with the Selection Process of becoming a Sustainable World Leader then I request you to reply to this message in this format:*

*"COMPLETION OF THE 5 WELCOME PACKS BY [name] I have read your file.  
This is my perception of you as an upcoming leader. [give your perception of the person]  
This is the feedback I have for you to correct. [give your feedback on what needs to be corrected before you give consent].  
This is the feedback I have for you to work on in the months to come.  
I do not yet give my consent for you to receive the Action Pack and get a 'tab' for receiving monthly incentives. Pls make the corrections first."  
"*

Now when you ask the 5 members and the Core Team to look at your file, follow up on this. People are always having many things to do so they might forget or postpone. When they do then enroll them into looking at your file. That is leadership. You move things forward. Once you have ALL the 'Thumbs Up' then drop a message saying:

*“Richard, I have all the 'Thumbs Up' and made requested corrections if those were given. Pls bring up my request to move forward in the Core Team Meeting and give me final consent.”*

After bringing up your application in the Core Team Meeting, the Founder Richard Alexander will reach out to you **for final consent** on your application.

After your message to Richard you will get a response within 1 week. If you have not heard from us in 2 weeks, then reach out to us in the SWL Selection group on WhatsApp. You can write: “I have not heard anything for 2 weeks after completing till step 37. Please get in touch with me.”

Last I want to say that I or the other team members are not an authority which will decide you are good enough to be a leader in our project. If you show up, if you show commitment, if you are responsive to communication, if you are willing to do the work, if you can take feedback, if you are open minded, if you show your courage and are ready for weekly action, then you will get a seat somewhere in the project. It is all in your hands. Leaders don't wait. They claim their power and act now. All said and done this is an act of love.

**Are you ready to contribute in the creation of a world that works for ALL people?**

I look forward to hear the answers to ALL the mentioned steps above. You are the one I am waiting for! Claim your power! Act now!

Warm Regards,

Richard Alexander
