## **WELCOME PACK 1 – SUSTAINABLE WORLD COMMUNITY MEMBERS**

Congratulations on coming to a cross road in your life by taking the time to read this Welcome Pack. The decision you will make in the next 2 hours can make a big impact in your life and in our world. Imagine it is the year 2050. Imagine the fulfillment you will experience when you have collaborated with people from all around the world to take away suffering for humanity. Imagine many higher consciousness leaders being empowered because you were there.

Becoming a Sustainable World Community Member can be part of your unique contribution towards creating a world that works for all people. There is no cost to becoming a Sustainable World Community Member and if you contribute a 4 hours weekly we actually have a system in place that can bring active people a monthly incentive.

Today the inquiry process starts. Today we will just take 2 hours to read a bit, listen to an audio, watch 3 videos and comment on Facebook.

My name is Mahoro Oliver. I am a Core Team Member in the Sustainable World Project. I am also one of the moderators in our group 'Sustainable World Community Program' on Facebook. I was born in Kigali, Rwanda. From Jan 2018 until now I have been participating in the Sustainable World Project. In May 2024 I am completing a 5 year commitment to be trained in India. I can tell you from personal experience that this project is changing my entire life and . . . with your support I believe we can change the world.

8. An opportunity to meet and befriend inspiring Change Makers worldwide.
9. An opportunity to co-create a sustainable world that is worthy of gifting to our children.
10. An opportunity to support our Sustainable World Leaders.

### **INTRODUCTION BY MAHORO**

Since May 26<sup>th</sup> 2019 I have joined Richard Alexander at the Sustainable World Leader Training Center in Bangalore, India. Together with Richard and the other Core Team Members, our focus is now on finding the next 43 Core Team Members among the 23.000+ leaders in our Facebook group.

In our Facebook group named 'Sustainable World Community' we invite people who are interested in transforming their community, country, continent or world. Through 5 Welcome Packs with a simple 5 step process you can inform yourself on who we are, what we do and whether you would like to support. We are looking for mature people who would like to contribute to the creation of a world that works for all people by the year 2050. Mature people who can spend 4 hours per week. Lets start today with getting to know one another.

I am working side by side with the other Core Team Members Honest, Shilpa and Richard on finding a total of 50 Core Team Members, 1000 Country Leaders and 9000 Project Leaders. We have chosen 4 Core Team Members and are in the process of choosing the first 13 Country Leaders and 15 Project Leaders. Maybe you will help us find a next one.

Are you inspired by playing a role in transforming your community, country, continent and world? Then start by just completing your 2 hour commitment to read this Welcome Pack 1.

I will now introduce the Founder of the Sustainable World Project. I have never met anyone like him. He has a unique way of making people feel comfortable and empowered. He

accepts people without conditions and he loves to joke around. You can join our weekly Sustainable World Community Program where Richard and the other facilitators Shilpa and Sunitha will also empower you to make your personal and society dreams come true. After more than 5 years of participation, I now know we CAN change the world.

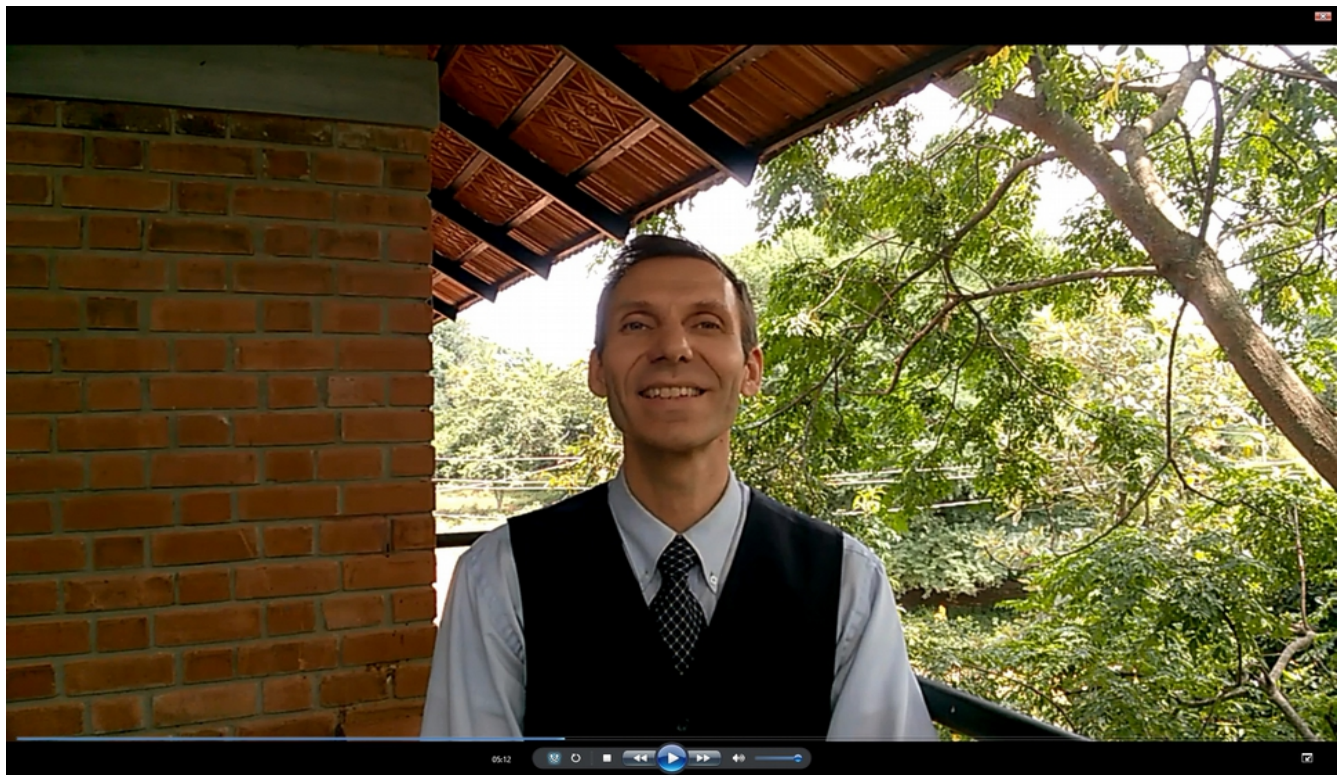

### **INTRODUCTION OF THE FOUNDER RICHARD ALEXANDER**

He was born in the Netherlands in 1969. He graduated top of his class, Cum Laude, as Civil Engineer. For 5 years he was the CEO of a European IT Company. In 1997 he participated in a Reiki weekend. ([What is Reiki?](#)) A glimpse of unity consciousness changed everything.

In the year 2000 he decided to sell his house, retire from his company, return his 2 cars to the garage and buy a one way ticket around the world. In 2001 he left all behind to pursue an impossible dream. A dream of creating a world that works for ALL people. This was the start of a 50 year project to transform our world.

Now in 2023 he is the Founder of the Sustainable World Project. A 6.000 documents, 4.000 graphical representations and nearly a 1.000 video files attempt to describe our objective. Our objective is to witness the end of poverty, war and environmental destruction by the year 2050.

We will achieve this objective by addressing the root cause of all violence. Violence stems from our lower egoic state of consciousness. To raise our state of consciousness Richard has developed a 50 step plan that is uniting a critical mass of 10.000 Sustainable World Leaders.

These leaders will be supported by every day people, in a role as Sustainable World Community Members. As of 2023 we are at step 11 out of 50. A 1 year pilot of the Sustainable World Community Program in 2019 had the movement grow from 800 to 23000 members worldwide. In May 2023 the Sustainable World Leadership Program was launched. In September 2023 we have launched our Sustainable World Community Program. This will bring us over 100.000 members in the next 2 years.

Through our weekly online programs our leaders are inspiring heart centered habits for humanity. Using ancient wisdom and the latest consciousness science they inspire the six heart virtues of appreciation, compassion, forgiveness, humility, understanding and valor. These virtues are awakening unprecedented experiences of connection, joy and inner peace. These virtues are inspiring humanity to unite; one worldwide family ready to care for one another and share with one another.

Richard has spent more than 23 years to prepare, test and develop the Sustainable World Project. In that process three times he lost all his money. Like Nelson Mandela he has been falsely accused, jailed, abused and threatened to be killed. He has been jobless, homeless, broke, depressed and suicidal. He has faced death 6 times, gave up 8 houses, 3 cars, his family, his country and sometimes almost his sanity. ;) Inspired by the compassion of Mother Teresa and the non-violence of Gandhi he says: "I do not mind. I am willing to give my life for something which can assist humanity to a sustainable world."

Bangalore, India has become his home. People worldwide are getting an opportunity to change the world. Are you ready to support? Then, step up and become what we call a Sustainable World Community Member. With just 4 hours per week you can make your unique contribution.

### **CONTINUE YOUR JOURNEY TO A SUSTAINABLE WORLD COMMUNITY MEMBER**

Pls send the person who introduced you a private message on Facebook or WhatsApp. Ask them: "Pls add me to the Sustainable World Community Program on Facebook and add me to the Sustainable World Community Members group on WhatsApp." They will then know what to do.

In the next Welcome Pack our financial incentive system will be explained. As you continue our journey to become a Sustainable World Community Member you can meet our leaders and will also receive value for making your personal and society dreams come true. Our weekly session of the Sustainable World Community Program is on Saturdays 7 pm IST. (Indian Standard Time) To join this program live or later at your convenient time you need to be a member of above mentioned Facebook group.

Once you are in these two groups we can easily communicate to you. You can either join the Sustainable World Community Program live on Facebook on Saturdays 7 pm IST. Otherwise you can watch the session at your convenient time anytime after 7 pm IST Saturdays. Announcements and the link to participate will always be shared on WhatsApp.

If at any given time in you would like to leave the program all you have to do is leave the Facebook and WhatsApp group.

### **NOTES**

Our Founder Richard is juggling a lot of commitments. He will not be able to respond to each and every person reaching out to him by private chat. Please write your questions in our Sustainable World Community Members group on WhatsApp and one of our leaders will respond.
