STEP 3 OUT OF 5

WELCOME PACK 3 – SUSTAINABLE WORLD COMMUNITY MEMBERS

Today we will continue educating ourselves about the Sustainable World Project. We will watch two videos. We will take 2 hours. Lets start with an introduction of the 3 elements of the Sustainable World Project. Then lets take a look at what benefits you can get.

The 3 Elements of the Sustainable World Project

1. The online Empowerment Platform, which is hosting different interactive events for Sustainable World Community Members by Sustainable World Leaders from each and ever country worldwide. One example is our weekly Sustainable World Community Program on Saturday 7pm IST.
2. The THRIVE Empowerment Centers, governed by the Sustainable World Leaders themselves, as a local structure to sustain the work after the Empowerment Camps.
3. The 5 Pilot Camps and eleven 6-week long Empowerment Camps.

1. The online Empowerment Platform

July 2016 we started by hosting 10 weekly sessions on Skype and Zoom in our soft launch phase. The platform uses Facebook, YouTube and WhatsApp for Sustainable World Leader selection. From 2019 to 2021 we facilitated weekly online sessions on Facebook to bring value to our Sustainable World Leaders and our Sustainable World Community Members. The weekly sessions have now been become to our Sustainable World Community Program. This program will be hosted on Zoom and LIVE broadcast to Facebook.

In 2023 we started the online Sustainable World Leadership Program. By Jan 2026 we aim to

have united a total of 50 Core Team Members. They will play a key role in assisting to the transformation of our world.

The Empowerment Platform will connect THRIVE Empowerment Centers and Empowerment Camps with Sustainable World Community Members worldwide. For reaching 8 million Sustainable World Community Members in 2035 the Empowerment Platform will use Zoom to host, will broadcast live on Facebook and will use Facebook to interact with all people. Parallel we will use Skype, WhatsApp or another tool to have one on one Buddy calls for plenty of individual interaction.

2. The THRIVE Empowerment Centers

Through the ongoing Sustainable World Leadership Program Core Team Members will start uniting Country Leaders. This happens from 2026 to 2034 through Empowerment Camps 1 to 6. Next they will support the Country Leaders to establish a first THRIVE Empowerment Center in their country. Here the Country Leaders will work with Project Leaders to bring transformation to their local communities. From 2034 to 2038 a 9000 Project Leaders will be united through Empowerment Camp 7 to 11.

THRIVE Empowerment Centers are places where people will come together to empower and enable themselves. The THRIVE Empowerment Centers will support their local communities to discover oneself and one's purpose.

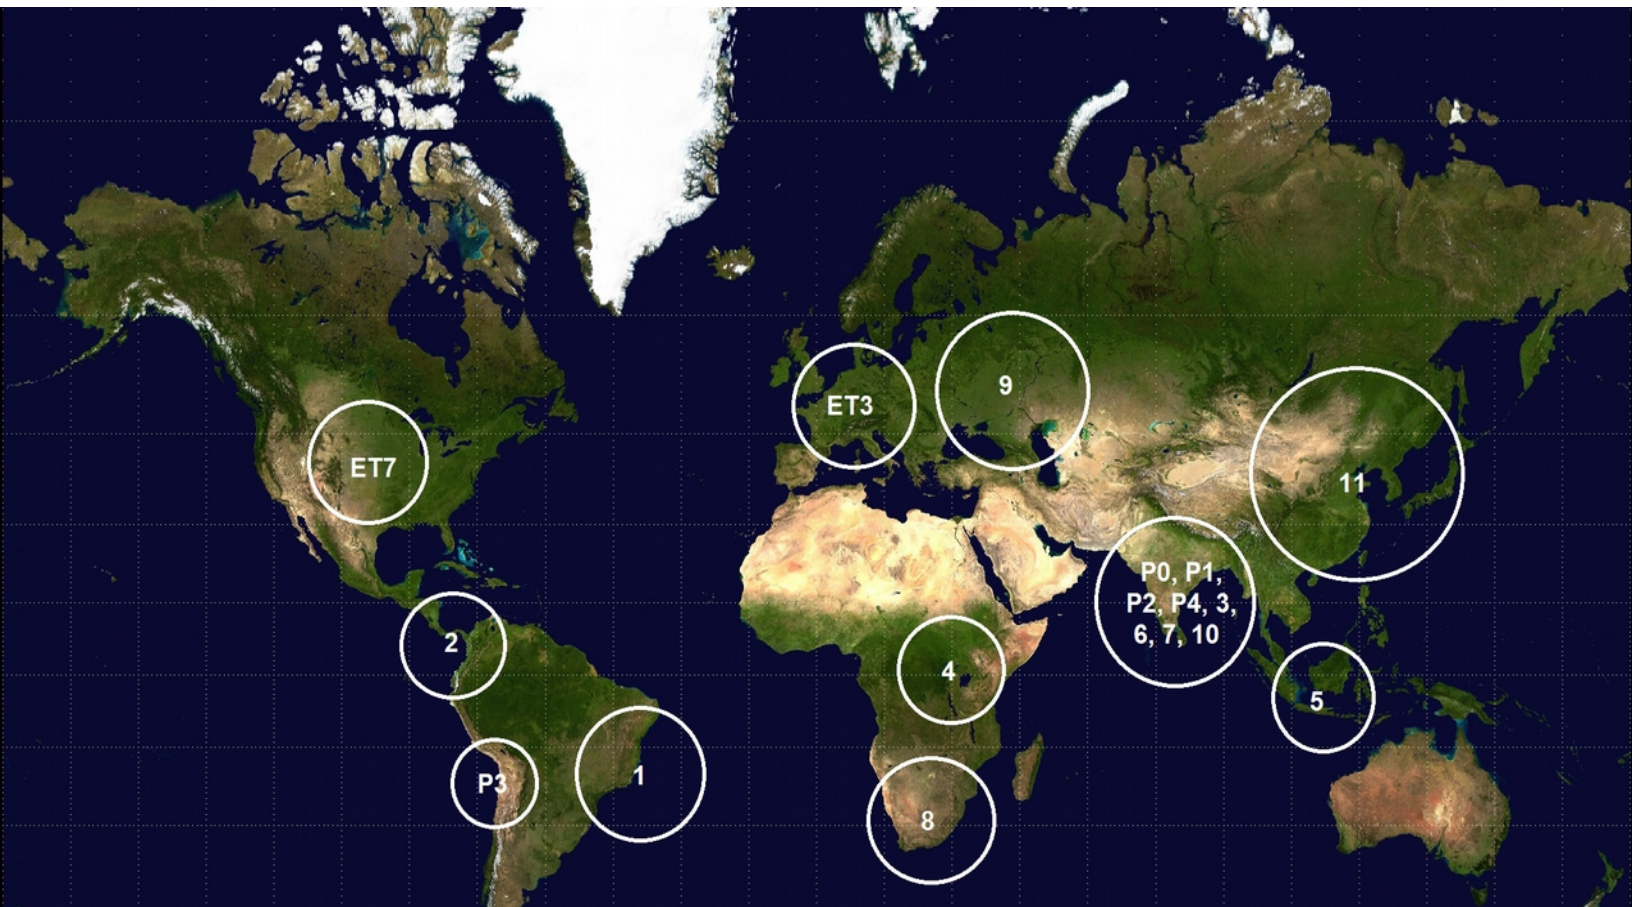

We have observed that when people find their purpose – their authentic self-expression – people become happy and contributing members of society, playing an active role in the advancement of themselves and their communities. When enough people do this, it will lead to a world which works for ALL.

Every TEC will be connected to our Empowerment Platform where worldwide exposure will empower all involved. The people from the local communities can visit the TEC and participate as a community in the 3 different programs.

1. The Sustainable World Leadership Program
2. The Sustainable World Community Program
3. The Get a Life You Love => Get a World You Love Program

3. The Empowerment Camps and Empowerment Tours

A total of 10.000 leaders from around the world participate in a series of camps where, for a period of six weeks, they live and learn together in environments which are conducive to activate higher consciousness leadership. Through the use of sound, light, movement, breathing, meditation and touch, they are taught how to return their minds to the natural state of Alpha and beyond. They learn to dis-identify from negative thoughts and feelings and

develop love centered habits revolving around 6 heart virtues - Appreciation, Compassion, Forgiving, Humility, Understanding and Valor.

After the camps there will be Empowerment Tours for the Core Team Members. This is not only to give them additional exposure to the worldwide local communities, but also to meet with scientists, inventors and other people working on creating a sustainable world. In the Empowerment Tours we will visit our partnering schools, go to sacred sites to meditate, visualize and manifest a sustainable world. We will be online connected to our Sustainable World Community Members through the Empowerment Platform.

Other Benefits

Through Worldwide Interactive Events and Critical Mass Actions we cause a quantum jump in the collective consciousness. Worldwide people will receive glimpses of being in a state of higher consciousness. This means instantaneous improvement of quality of life for ALL human beings. Instantaneously all the above values, skills and benefits in the consciousness of the 10.000 Sustainable World Leaders will become available for humanity at large, even without tangible interaction.

In 2023 we start the launch of nine 3 year phases to bring (Un)conditional Income systems for our Sustainable World Leaders and our Sustainable World Community Members. Slowly over time we will expand these systems in two ways. One is we increase the amount of people who will receive this income. Two is we will increase the monthly amount of this unconditional income. Also over time this income will become unconditional.

As new technology like new energy, new healing techniques, replicators, anti gravity transport and more will become mainstream, we will aim to help our Sustainable World Community Members to get access to this.
