## WELCOME PACK WEEK 3 – PARTICIPATING AUDIENCE

Today we will continue educating ourselves about the Sustainable World Project. We will watch the next two videos. We will take 2 hours. Lets start with an introduction of the 4 elements of the Sustainable World Project and then lets take a look at what benefits the leaders can get. Once our leaders are trained they will bring the same value to you, the Participating Audience.

### The Four Elements of the Sustainable World Project

1. The online Empowerment Platform, where we are hosting different interactive events, like our weekly session on Saturday 6pm IST. This weekly session is also open for the Participating Audience.
2. The THRIVE Empowerment Centers, governed by the Sustainable World Leaders, as a local structure to sustain the work after the camps.
3. The offline Primary Leader Training in Bangalore, India.
4. The five Pilot Camps and eleven 6-week long Empowerment Camps and Empowerment Tours.

### The online Empowerment Platform

July 2016 we hosted 10 weekly sessions on Skype and Zoom in our soft launch phase. The platform also uses Facebook and WhatsApp groups for leader selection. Currently we have weekly sessions on our Facebook Page to bring life changing values to our Sustainable World Leaders and our Participating Audience. The Platform will connect the THRIVE Empowerment Centers and the Empowerment Camps with a Participating Audience. For reaching 8 million

people in 2026 the Empowerment Platform will use Zoom to host, will broadcast live, will use Facebook to interact with all people and parallel will use Skype or WhatsApp Buddy calls for plenty of individual interaction.

### **The THRIVE Empowerment Centers**

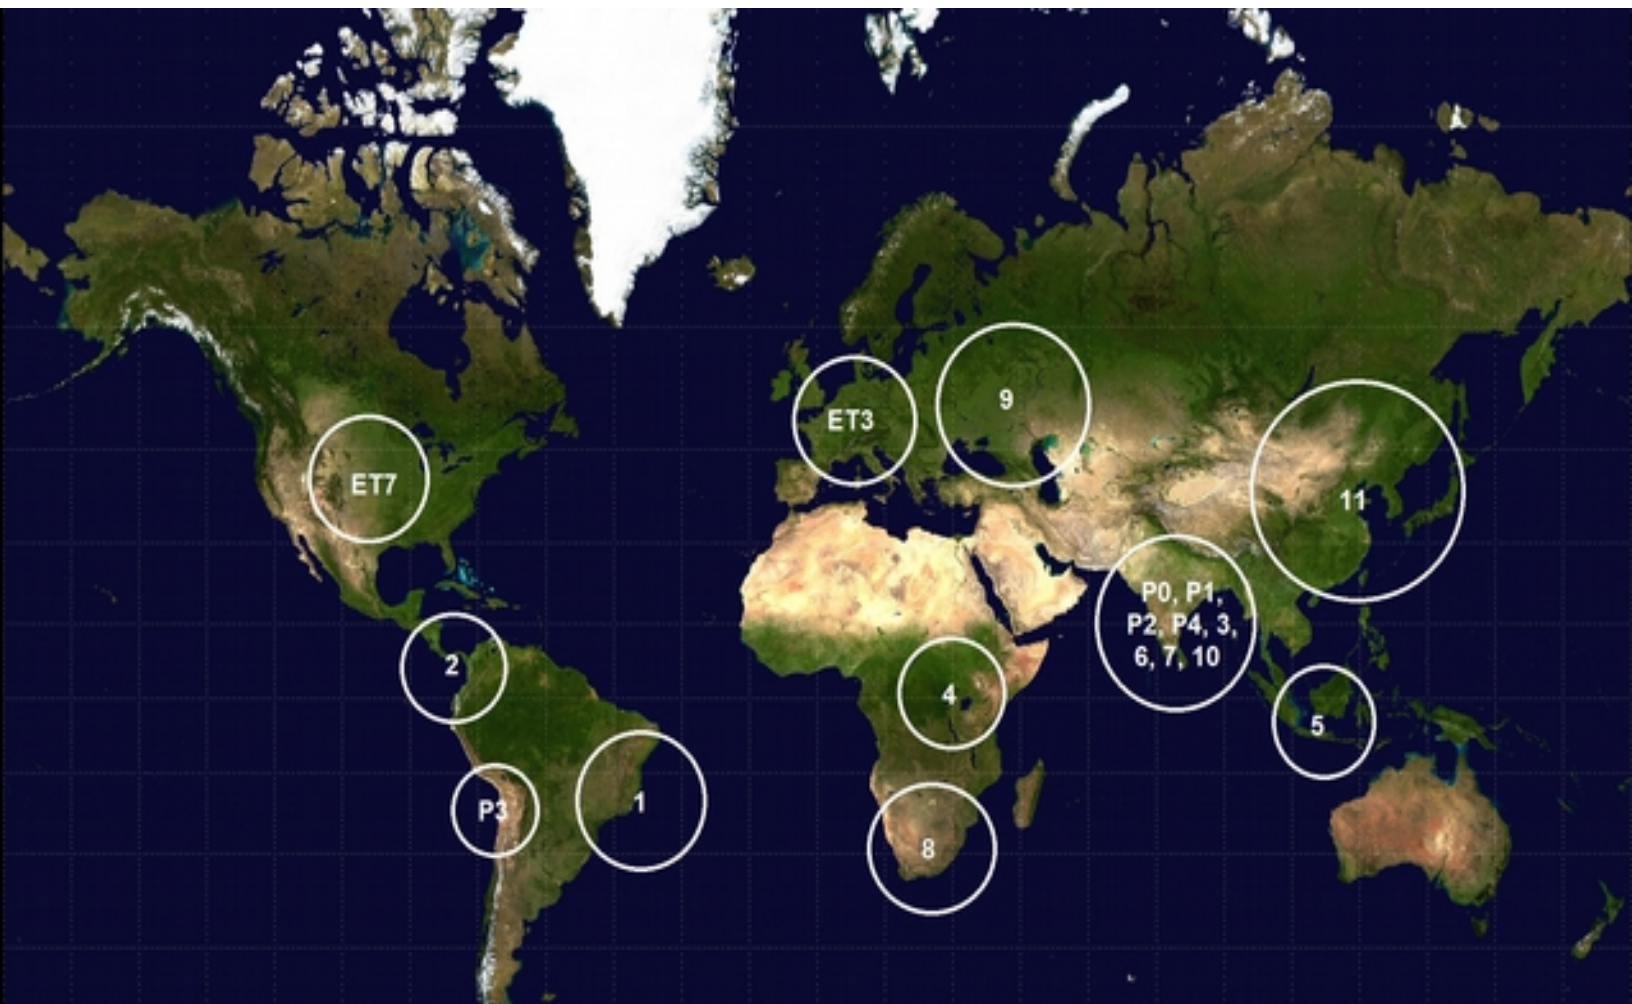

After the training camps, the Sustainable World Leaders return to their home communities, where they are guided to establish THRIVE Empowerment Centers to sustain and springboard the work (and the new awareness that accompanies it) to the broader community and the world at large. THRIVE Empowerment Centers are places where members of communities come to empower and enable themselves. A place where one can discover oneself and one's purpose. We have observed that when one finds one's purpose – their authentic self-expression – they become a member of society who is playing an active role in the advancement of society.

### The Empowerment Camps and Empowerment Tours

10000 leaders from around the world participate in a series of camps where, for a period of six weeks, they live and learn together in environments which are conducive to higher consciousness learning and personal growth. Through the use of sound, light, movement, breathing, meditation and healing, they are taught how to return their minds to the natural state of Alpha. They learn to dis-identify of negative thoughts and feelings and develop love centered habits revolving around 6 heart virtues - Appreciation, Compassion, Forgiving, Humility, Understanding and Valor.

After the camps there will be Empowerment Tours for the Primary Continent Leaders to give them additional exposure to the worldwide local communities, but also to meet with scientists, inventors and other people working on creating a sustainable world. In the Empowerment Tour we will visit our partnering schools, go to sacred sites to meditate, visualize and manifest a sustainable world. Throughout we will be online connected to our Participating Audience on the Empowerment Platform.

### **The Sustainable World Leader Training**

Primary Continent Leaders will start with training on location in Bangalore, India. Boarding will be included. By December 2022 we aim to have reached a total of 50 Primary Continent Leaders. They will play a key role in launching the Sustainable World Project.

### **Overall Benefits**

Unprecedented experiences of oneness in the collective consciousness. In other words: unprecedented experiences of Love, Joy, Freedom, Full Self Expression, Playfulness and Peace of Mind for ALL people.

### **Six Specific Benefits of Being in a State of Higher Consciousness**

When we shift to a state of higher consciousness, brain activity reduces. The state of mind will shift from Beta to Alpha, Theta or Delta. This will:

1. Relieve stress and promote a lasting and substantial reduction in people prone to violence and/or states of anxiety.
2. Facilitate a deep physical relaxation and mental clarity.
3. Increase verbal ability and also the performance IQ.
4. Better synchronize the two hemispheres of the brain.
5. Recall mental images live and spontaneous imaginative and creative thinking.
6. Reduce pain and suffering, promote euphoria and stimulate the release of endorphins.

**Skills which will be Improved**

The following skills will be strengthened

- Non-Violent Communication Skills - Leadership Skills - Critical Thinking Skills
- Social Skills – Complex Problem Solving Skills - Non Judgmental Listening Skills
- Decision Making Skills - Observation Skills - Conflict Management Skills
- Reflection Skills – Non verbal Communication Skills – Manifestation Skills

**Values which will be strengthened**

The following key values will be strengthened. Acceptance, Authenticity, Compassion, Faith, Commitment, Courage, Initiative, Joy, Peace of mind, Self esteem and Playfulness. To see the full list of 106 values which will be strengthened in the consciousness of the Sustainable World Leaders click: [Read PDF all Values](#)

**Benefits for our Partners**

Through our online Empowerment Platform we will promote our partners and their missions to millions of people. This will forward the fulfillment of the objectives of all our partners. Worldwide exposure will accelerate all projects creating a world that works for all.

**Benefits for Participating Audience**

Through Worldwide Interactive Events and Critical Mass Actions we cause a quantum jump in the collective consciousness. Worldwide people will receive glimpses of being in a state of higher consciousness. This means instantaneous improvement of quality of life for ALL human beings. Instantaneously all the above values, skills and benefits in the consciousness of the 10000 Sustainable World Leaders will become available for humanity at large, even without tangible interaction.

In the years to come we will launch Unconditional Basic Income systems for our Sustainable World Leaders and our Participating Audience. Slowly over time we will expand these systems in two ways. One is we increase the amount of people who will receive this income. Two is we will increase the monthly amount of this unconditional income.
